CAPABILITY STATEMENT · GOVERNMENT BUYERS

Dragon Charm Inc

Apparel, uniforms and workwear, managed by a US company from order to delivery

Company overview

Dragon Charm Inc is a New York corporation, founded in 2017, that supplies apparel through vetted partner factories in Asia. Contracts, invoicing and accountability stay with a US company, and buyers work with one point of contact on Eastern time.

Core competencies

- **Full-package production:** design and tech packs, sourcing and costing, sampling, production and logistics under one contract.
- **Production to specification:** costing, sampling and fit approval against agency specifications or reference garments.
- **Quality control:** in-line inspection and pre-shipment audit against the approved sample and specification.
- **Logistics:** consolidation, freight booking and export documentation through delivery.

Products

Uniforms | Workwear & coveralls | Outerwear | Knitwear & polos | Activewear & PT wear | Swimwear | Denim | Footwear | Jute products

Differentiators

- **US counterparty:** contracts and payment run through a New York corporation, not an overseas intermediary.
- **Country-of-origin eligibility:** goods produced in Bangladesh, our primary hub, can qualify under the Trade Agreements Act. We confirm eligibility against each solicitation before bidding.
- **Audited factories:** we quote only factories with a current WRAP, BSCI or Sedex/SMETA audit and site-level fire and building safety records.
- **Open-book costing** on every line of every order.

Company data

UEI	UQEAED3FJB74
